

StatTrak™ K-ForCE

Handheld Computer
Not Included

StatTrak K-ForCE is a complete baseball & softball scoring program for your handheld Pocket PC computer. Score play by play with less effort than paper scoring so you can keep your eye on the game instead of your scorebook.

Score a walk, and the runner on 1st is automatically advanced. Score a Home Run, and all runners advance to home and the batter is credited with the correct number of RBIs.

Save scores for future reference and view and print scoresheets with box scores and game stats from the desktop viewer included.

Import scores into StatTrak for Baseball (requires purchase of StatTrak for Baseball) for advanced reporting and to publish your free stats website.

Easy to Use!

Even with all these features, StatTrak K-ForCE is very easy to use. Plus, you can always receive free technical support from All-Pro Software.
